WHAT YOU'LL FIND INSIDE...

HAND PAINTED BACKGROUNDS

Our hand painted backgrounds are at a quality level all their own. After 30 years of experience, we've mastered creating the perfect hand painted replicas everytime. We have mastered the smallest of details in the Scenics and the most delicate of color changes in our Old Masters, Old Master Textured, Solids, Splashes and Muslins. All together, our six series of hand painted backgrounds are sure to please.

COMPUTER PAINTED BACKGROUNDS

Although we haven't had as much time to fine tune our skills in the digital realm, in just a matter of a few years we've come to be one of the best in delicate color correction of digital images. Working intricately with our scanners, printers, inks and output media, we've also mastered outputting computer painted backgrounds which are high quality, cost-effective and very realistic. We can even offer personalization of any image thanks to Denny Colorgraphic's grand format inkjet printing.

SPECIALTY BACKGROUNDS

In addition to our hand painted and computer painted backgrounds, we offer a large selection of unique fabrics and papers. We carry several support systems from which you can choose your best fit. These backgrounds, support systems and miscellaneous items can help your studio function at its best.

ARE THOSE COLORS FOR REAL?

Yes, as accurate as humanly possible. There are several factors we must take into account when printing images that need to be as accurate as possible. We work closely with the best printer we've found, and do everything we can do to ensure accurate colors. However, please keep in mind the factors we cannot control such as, the storage of your catalog and the lighting by which you're viewing the catalog.

OUR SINCEREST THANKS...

We would like to extend a sincere thanks to the professional photographers who contributed to this year's catalog. They include: Bill Abey, Don Blair, Mike Daniels, Victor Doran, Mike Nall, Tony Licata, Monte Nowak, Ralph Romaguera, John Earl, Ed Pierce, Rex Enochs, Annette Ochs, Kimberly Phillips, John Rapier, Cindy Pruitt, Laura Cantrell, Monty Zucker, Ann Cessna, Anthony Fiocco, Don Puckett, Cynthia M. Guthrie, Jeff Gump, Beverly and Tim Walden, Marecelino Costa, Valerie Tabor Smith, NSGX Studio, Alexian Gardner, Toni Riales.

WHAT DOES THE Q MEAN?

Denny's QuickShip symbol is placed on our most popular backgrounds that are kept in stock. The noted Old Masters are available in the 7' x 8' size only, the Master Muslins are available in the 10' x 24' size only, and the Twist Flex are available in 6' x 7' size only. These sizes can be shipped from our warehouse in 2 business days of order placement.

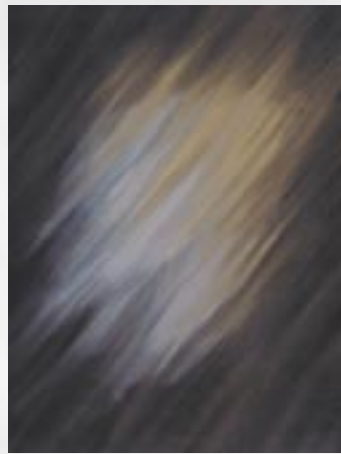

Old Masters and Old Masters Textured exude the most warmth of all our backgrounds. They give a hand painted traditional look and help your clients feel right at home in your studio. Make your clients comfortable and it's just a matter of time before you capture your perfect photograph.

NEED MORE DURABILITY?

Our MirrorGloss™ is your answer! This floor finish makes the floor of your background much more resistant to scuff marks and tears from sharp shoes or clumsy clients. Add more depth to your photographs and add durability to better protect your working investment for just \$1.00 per square foot. Can be added to any canvas or supercloth background.

ADD MIRRORGLOSS™ FINISH FOR JUST \$1.00/SQ FT.

CAN'T FIND AN OLD BACKGROUND?

We periodically remove select backgrounds that become less popular and somewhat out-of-date. If you know we sold a background that is perfect for your project and you can't find it in the current catalog, check for it on the web. Our website shows all our available backgrounds (including those not in the current catalog). You can even easily purchase it online with a few clicks.

THE STUDIO FULL LENGTH BACKGROUND DESIGN

In order for Denny Manufacturing employees to see and understand your full length background design, we have provided you with this layout guide. Tell us as much as you can by using this helpful information so we can create the background as accurately as possible.

VIGNETTES OR HOTSPOTS

Many backgrounds have a hot spot already in the center. Hotspots can be added or altered to your choice. Please use the diagram when ordering.

HAND-PAINTED CANVAS PRICING

Old Masters (p 4-20) and Old Masters Textured (p 21-22) are all hand painted on canvas. Background Prices are determined by size and category when ordering. Any size background listed can be inverted for the same price. Be aware that trimming will somewhat reduce width and length.

Width by Height dimensions should always be used.

Computer Painted Old Masters

The Old Master background is a work of art and no two Old Masters have ever been the exact same until now. Masterfully designed, large format photographed, drum-scanned at a phenomenal resolution and painstakingly reproduced, our Computer Painted Old Masters are simply beautiful. Reproducing these by hand takes so much time we decided to offer them to you perfectly replicated with the original art intact and unchanged. Filled with subtle detail and color shifts, our CPOM line provides old world style via modern technology.

These Old Masters were created specifically for this process. Ordering these hand painted anywhere else would take a considerable amount of time and no guarantee for the final products color or such true attention to detail. What you see here is what you get with only a slight color shift due to printing processes of this catalog we cannot control. Full-lengths have a darkened, complimentary colored floor.

WHAT IS WONDERCLOTH? WHY IS IT BETTER?

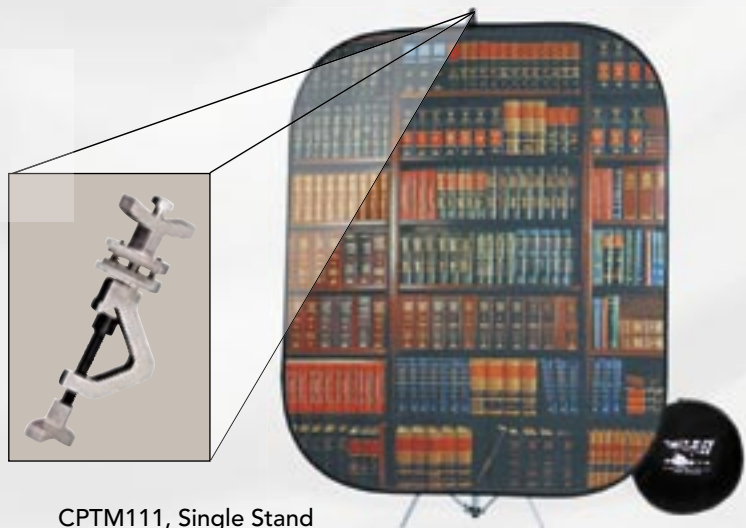

Our computer painted backgrounds are traditionally printed on Supercloth, a canvas-like material. However, upon request we can print your chosen computer painted background on Wondercloth, our newest printing material. Unlike Supercloth, Wondercloth is very similar to muslin. Flexible and wrinkle resistant, it is easily draped like typical muslin material or pulled tight for a more traditional effect. Wondercloth material is folded to easily fit in the free bag we provide for its storage. It is a very light and compact material, saving shipping costs and giving you great ease of movement to your out-of-the-studio photo shoots. It is available in a max length/width of 9' x unlimited length/width. Any computer painted background can be printed on the Wondercloth upon request. Ask for CPM plus your background number when ordering.

CPM2112 — Customized Size

NEED A QUICK & EASY SET-UP FOR YOUR ON LOCATION SHOOTS?

If you like the light compact quality of the Wondercloth backgrounds, but always want the background stretched tight, a Twist-Flex background could be for you! You can get any computer painted background as a Twist-Flex. Twist-Flex backgrounds are available in 5' x 6', 6' x 7' and 6' x 8'. These backgrounds twist down in their self-storing bags to 24", 33", & 35" respectively.

LOOKING FOR A UNIQUE BACKGROUND?

If you have an idea that's just what you want but no where to find it, ask one of our friendly sales associates about the possibility of turning your vision into a Computer Painted reality. You can design custom prom backgrounds to be school/theme specific or you can place your customers in front of Mt. Rushmore without leaving the studio. We've completed countless projects that were once only a dream. Send us glossy stock, transparencies, negatives, sketches or you can have us

A FEW TIPS ON CP BACKGROUNDS

“PRODUCT IMAGES ARE WHAT SIZE?”

The images displayed throughout the catalog are sized as a 6x8. If you were to order a 6x8 of the CP6105, the normal product shot displayed in this catalog should be what you receive.

“FOLD LINES FOR FULL-LENGTH?”

Other sizes such as an 8x16 with a 9ft wall will still be folded as shown but will have less floor with the top proportionately scaled. Scene elements such as doors or windows will have a proportionate scale to a human.

Traditional HalfWay Point / Fold Line
For Full Length backgrounds

Be sure to read Bill Abey’s suggestions on choosing the right background as well as the right background size on page 100.

COMPUTER PAINTED PRICING

Our computer painted backgrounds (p 38-53) continue our tradition of giving you the very highest standard of quality. Photographic backgrounds that were once inefficient and cost prohibitive to hand-paint are now possible thanks to our new Grand-Format inkjet printing process. This technology not only allows us to produce cost-effective products, but also makes digital imaging a very real and beneficial part of our creative productions. We can also create custom backgrounds from your transparencies or reflective art, or even alter our backgrounds to fit your specific needs. (See page 88 for more information.) Please call for more information regarding custom work. All CPs are available in custom sizes upon your request, call for pricing information. Please allow 2 to 3 weeks production time for all Computer Painted Backgrounds. **Width by Height dimensions should always be used.**

DENNY MUSLIN TRACK SYSTEMS

Helpful Information

- Always inform salesperson which bracket is needed (ceiling or wall.)
- All MTX-90 (90 degree corners) are 36" long.
- Each MTX-90 (90 degree corner) accounts for 1 1/2' of space each direction. To estimate track along 1 side using two MTX-90 (90 degree corners), you must subtract a total of 3' from the total wall space. Therefore, if only one MTX-90 is used, subtract 1 1/2' from the total space available. Example: If 8' is the available space on one side and only one MTX-90 is used, you would need one 6 1/2' Muslin Track Section.
- A 10' wide muslin background takes up 1-1 1/2 feet of storage space on the system.
- Ordering muslin track sections that are 8' wide or less can ship via Federal Express service. All muslin track sections longer than 8' will ship via truck.
- To hang your muslin background, most prefer to use one MCH-15/MC-15 per foot of the background.

MUSLIN TRACK SYSTEM PRICING

Our Muslin Track System keeps your muslin and other fabric backgrounds easily accessible and ready to use by storing them along your studio walls. Combine straight track pieces and 90° corner pieces to make the system fit your studio perfectly. Several backgrounds can easily be managed on one track. Have your studio dimensions ready for the sales associate to help you order just what you need. Track system sold by the foot and is shipped via FedEx up to 8' in length. Longer pieces require motor freight shipping. One clip and one hook is included with each foot of track sold.

WHAT MAKES THEM DIFFERENT?

Our Master Muslins (p 63-66) are stretched across a frame and hand painted with fabric paint, thus making them our only washable muslin. Designer Muslins (p67-68) are hand dyed with industrial fabric dyes. Premier Line Muslins (p69-71) are painted with latex based paint. Our Stonewash Muslins (p73) are hand painted and then washed. Our TwistFlex Muslins (p76-78) are stretched across a frame and hand painted with a latex paint.

PHOTOMURAL BACKGROUNDS

These backgrounds are printed on high quality photographic paper and they easily add another dimension to photo-realism. Each are top-mounted with wood slats and three inch fiber core at the base. The back edges are mylar taped for durability and the front is sprayed with an anti-glare matte coating. They are available in a 6' x 7' size only.

VERSALIGHT 200

2002 **\$250 (S-3)**

The Versalight 200 has all the functions of the Versalight 300 except for the flash power and fancooler. The light has a diffused 200w/s output power (200 joules) on full and GN 150 feet at ASA 100. The two differ only in their product labels, body sizes, and weights. The accessories for all the Versalights are interchangeable.

VERSALIGHT 300

JTL 300w/s with Strobe

2106 **\$300 (S-3)**

The Versalight 300 is professional strobe designed specially for photographers on location. Because of its versatility, it can be used as a main light for locations, a fill light for weddings, the hair light or the back light of the portraits for a small group of people. The light provides a diffused 300w/s output power (300 joules) on full and GN 200 feet at ASA 100 to fulfill all your needs as a photographer.

The Versalight 300 presents a unique combination of up-to-date, innovative designs:

- Detachable flash tube (colortemperature corrected) with frosted glass diffuser,
- Optical diode indicators for four power settings,
- Built-in thermostat (to maintain the optimal temperature),
- Patented stand fixture (gravity balanceable),
- Wide range builtin slave (360 degree), Full, 3/4, 1/2 and 1/4 power adjustor,
- Duallocking stand adapter,
- Enhanced fancooler

The accessories for all the Versalights are interchangeable.

VERSALIGHT 500

2205 **\$475 (S-3)**

The Versalight 500 and 1000 share most features, except for the different outputs of flash power. The light has a diffused 500w/s output power (500 joules) on full and GN 250 feet at ASA 100. The different product labels, body sizes, and weights distinguish the two. The accessories for all the Versalights are interchangeable.

VERSALIGHT 800

2208 **\$550 (S-3)**

The Versalight 800 is basically identical to the Versalight 1000. The Versalight 800 has all the capabilities of the Versalight 1000, except for the different outputs of flash power. The light has a diffused 800w/s output power (800 joules) on full and GN 290 feet at ASA 100. The features that distinguish the two are the different product labels, body sizes, and weights. The accessories for all the Versalights are interchangeable.

VERSALIGHT 1000

2200 \$650 (S-3)

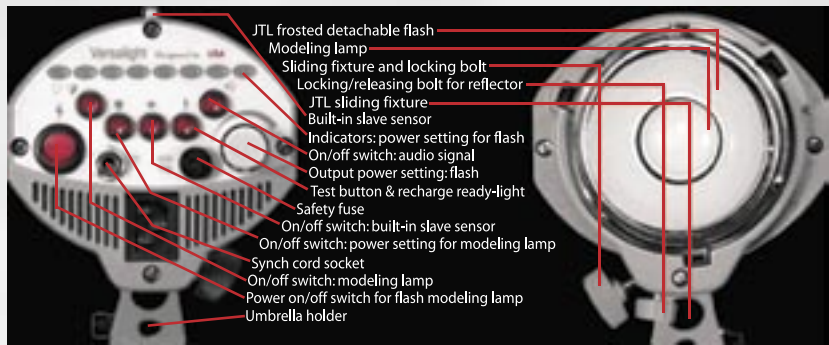

The Versalight 1000 has a state-of-the-art design for professional photographers with a variety of technical requirements. No requirement is too trivial for the Versalight 1000-with a diffused 1,000w/s output power (1,000 joules) on full and GN 322 feet at ASA 100, it will provide for all your lighting needs. The Versalight 1000 offers users a unique combination of innovative features: Detachable flash tube (color-temperature corrected) with frosted glass diffuser, Continuous power adjustor with fine-setting clutches, Built-in thermostat (controlling over-heated), Patented stand fixture (gravity balanceable), Optical diode indicators for power setting, Wide range built-in slave (360 degree), Dual-locking stand adapter, enhanced fan-cooler. In addition, all kinds of accessories are available for the Versalight 1000, including soft boxes, reflectors, barn-doors, honeycomb kit, color filter kit, snoot kit and much more.

VERSALIGHT J-110 STROBE

1102 \$130 (S-2)

The Versalight J-110 is a unique strobe, perfect for photography students as a main strobe light, and for professional photographers as a supplementary light source. The light provides 110w/s output power (110 joules) on full and GN 105 feet at ASA 100. It features a built-in reflector and power cable, remote sensor, full and 1/2 power setting options, a recharge readylight, two-way fixing stand adapter, and an easily changeable fuse holder. In addition, a variety of accessories are available for the Versalight J110, including 18" by 18" soft box kit, four leaf barn doors, honeycomb, color filter kits, snoot, and much more.

A QUICK OVERVIEW

Before You Order, You Should Know...

PICK YOUR SIZE AND STATE IT CLEARLY

Width and height requirements are determined by your intended use and size of your subject group in relationship to your camera, lens configuration, lighting, accessories included in the shot and your overall style of photography. A helpful hint before ordering a canvas or any hand-painted background; you should first format your intended photo shoot so that you can properly determine the size requirements of the background you intend to use.

Width by Height dimensions should always be used.

RETURN POLICY

No Returns on Custom and/or Seasonal Backgrounds or Custom and/or Grand Collection CDs*

- All returns must clearly display a **Return Authorization Number**. (Call customer service to obtain a Return Authorization Number.)
- All returns must be made within 30 business days of receipt of merchandise.
- All freight charges are the responsibility of the customer.
- 15% Restocking fee applies to all backgrounds & props.
- A refund, credit or replacement will be issued upon receipt of returned item(s) after being inspected by Denny Manufacturing.

*Because of the nature of digital imaging, we cannot offer refunds for any digital image we provide as a product purchase. This includes all custom CDs and Grand Collection CDs.

OUR SHIPPING POLICY

We ship by FedEx whenever possible. Merchandise exceeding FedEx weight and size must be shipped via motor freight or air freight. Shipping charges must be prepaid. Depend on us to ship the best and cheapest way. See the adjacent page for detailed shipping information. We do not have a C.O.D option.

PAYMENT POLICY

Our policy requires a money order or check with your order. We also accept Master Card, Visa, American Express and Discover. Please have expiration date and name available when calling and include on faxed orders. Open accounts to established or volume customers only upon approval. All purchases in U.S. funds. No promotional or additional discounts apply to packaged pricing.

COLOR ACCURACY

It is critical to state the catalog year or brochure that you are ordering from due to the fact that color differences occur from year to year. This catalog uses the latest color reproduction technology available, making for more consistent reproductions of our images, however please allow slight variation in color.

PRODUCTION TIMES

Please be aware seasonal that demands and situations beyond our control from our raw material suppliers may cause production delays. Please read our shipping section on the adjacent page for full details on all shipping concerns.

SHIPPING INFORMATION

How We Ship

We ship by FedEx whenever possible. Merchandise exceeding FedEx weight and size must be shipped via motor freight or air freight. Air freight and motor freight are priced individually, depending on weight. Depend on us to ship the best and cheapest way.

OUR SPEEDY SHIPPING OPTIONS

2-Day Quickship*

We have selections noted by the "QuickShip" symbol on several size-restricted OM (7'x8'), MM (10'x 24') and Twist Flex (6'x7') backgrounds throughout the catalog. These items may be ordered in quantities up to 3 and can expect shorter shipping times. We keep these popular items in stock, and they can often be shipped out within 2 days.

3-Day Rush

This service guarantees shipping out of our plant in 3 business days after the payment of the order for a premium of 50% over list price. Next day Fed-Ex and other express shipping is also available. **No CODs.**

6-Day Rush

This service guarantees shipping out of our plant in 6 business days after the payment of order for a premium of 30% over list price. Next day Fed-Ex and other express shipping also available. **No CODs.**

* Quickship items are limited in quantity and availability.

WHAT IF MY ORDER CAN'T BE SHIPPED VIA FEDEX?

Items that are oversized and cannot be shipped by FedEx will be shipped freight collect via a truck line that services your area. We receive discounts with some carriers and will ship your freight the least costly way possible. Sometimes truck companies have additional charges, i.e. residential delivery charges or inside delivery charges. If you run your business from your home, it is best to have an alternate commercial shipping address to direct your shipment. The freight will have to be paid upon delivery, most carriers will accept a company check. All air freight and truck freight is individual. Ask your sales representative to assist you with a freight quote.

LOST OR DAMAGED ORDERS

Inspect your shipment immediately upon receipt. If damage is discovered, immediately notify the carrier. Without the carrier's inspection report you will not be compensated for your damage.

What is that Q in the Corner?

It's JUST ONE OF OUR FASTER SHIPPING OPTIONS!

It's Denny's QuickShip! We have selections noted by the "QuickShip" symbol on several size-restricted OM (7'x8'), MM (10'x 24') and Twist Flex (6'x7') backgrounds throughout the catalog. These items may be ordered in quantities up to 3 and can expect shorter shipping times. We keep these popular items in stock, and they can often be shipped within 2 days.

HOW MUCH WILL SHIPPING COST?

In order to serve you better, we have given every item in our catalog a shipping code (see chart below). This code will represent the amount you will pay for shipping and handling when the item is shipped from our facilities to you via FedEx ground service only (our first choice). These prices and codes only apply to items that can ship via FedEx. Some items of similar sizes are shipped together to reduce costs. For example, we will ship two 5' x 6' backgrounds together in the same tube to save you money. However, not all items can be shipped together. Air freight or truck freight is individual. Ask your sales representative to assist you in what can and cannot be consolidated.

About Backgrounds.

by Bill Abey M. Photog. CR. ASP.

Backgrounds are key elements in the creation of unique quality portraits. They are a vital investment that can provide greater financial return if your selections are based on purpose and versatility as well as imagery. Selections should be based on several important questions which should be answered before making the purchase.

Some of these questions are, what size is best? The size of the background will depend on the type of photography you will be doing; i.e., head & shoulder only, or everything from full length to extreme close-up. Will you photograph vertical and horizontal, adult couples, children only, children and adults, families or all of the above?

Another question is what types of statements will the background help you say: classical, casual, formal, high school senior oriented, pre-school, families, etc.

Photography means *writing with light*; as we photograph someone we are making a statement about them... The more statements you make about each subject the more portraits you will sell, therefore, an investment in a variety of different style backgrounds is important. Sometimes it's better to invest in a larger 10x18 Computer Painted Pictorial Portrait Background (CP) than several smaller backgrounds; because you can photograph different areas of the background, which is more productive.

In photographing for the Denny catalogue, I put each background through a test that I call *The Versatility Test*[®]; i.e., can I photograph from the floor, ladder, and everywhere in between? How many different looks/statements can I get from the background, by photographing to the left or right side, close-up to full length and everything in between. Backgrounds that pass *The Versatility Test*[®] usually end up being the most popular. You will be able to get greater versatility from a background that includes a floor area.

Props: Look for props that will work with your background. Many can be faux painted to match or blend with the background. Props help add a 3D effect and increase posing possibilities. They are a great investment by adding realism and style to the portrait.

Background Size Guide Chart.

For Muslin, Old Master, the CP/Portrait Pictorial Backgrounds and CP/Old Master Backgrounds

10' Wide x 18' Long:

This size will provide you with the greatest versatility and posing possibilities from extreme close-up to full length portraits of individual adults, children, couples and family group portraits. You will be able to photograph from the floor looking up, a ladder looking down, and everything in between.

Back Wall: 9.5 high by 10' wide

***Floor Area:** 10' wide by 8.5' deep

****Subject Placement:** 6'/7' from background

8' Wide x 16' Long:

This size will provide you with versatility and many posing possibilities from extreme close-up to full length, individual, couples and small group portraits.

Back Wall: 8' wide by 9' high

***Floor Area:** 8' wide by 7' deep

****Subject Placement:** 5'/6' from background

7' Wide x 14' Long:

This size will enable you to photograph extreme close-up to full length vertical standing of children and $\frac{3}{4}$ standing of adults, horizontal floor poses of adults, children, even tight couple poses are possible.

Back Wall: 7' wide by 8" high

***Floor Area:** 7" wide by 6' deep

****Subject Placement:** 4'-5' from background

6' Wide x 12' Long:

This size is very portable and will fit in most cars. It is great for full length portraits of children. It also works for $\frac{3}{4}$ portraits of adults seated or standing.

Back Wall: 6' Wide by 7'.5' high

***Floor Area:** 6' wide by 5" deep

****Subject Placement:** 3/4' from background

* The floor area can be removed if you are only photographing head & shoulder, $\frac{3}{4}$ length and hand poses.

** This is the normal subject placement. You are not limited to this distance. As you move the subject and lights closer to the background, it will appear lighter, and shadows may be evident. The opposite is true when you move further away from the background. 

Backgrounds by

Digital Camera Canon 20D

The Versatility Test®

As you can see from the images I have photographed on this page, the 10'x18' size with a 9.5'x10' back wall passes *The Versatility Test*®. These backgrounds are the most versatile because you are able to photograph looking up from the floor, down from a ladder, the left side, the right side and everything in between. You are really getting two or three backgrounds for the price of one.

WHAT MAKES THEM DIFFERENT?

Our **Master Muslins** (p 62) are stretched across a frame and hand painted with fabric paint, thus making them our only washable muslin. **Designer Muslins** (p67) are hand dyed with industrial fabric dyes. **Premier Line Muslins** (69) are painted with latex based paint. Our **Stonewash Muslins** (p73) are hand painted and then washed. Our **TwistFlex Muslins** (p76) are stretched across a frame and hand painted with a latex paint.

WINDOW-SHADE & KWIK CHANGE PRICING

One mounting choice is our window shade style. We attach the background you choose to a wood roller with an internal spring or a chain drive metal roller giving you the ability to maneuver the backgrounds like window shades. On this style a lighter fabric is used in order to extend the retracting life of your roller. (See our portable and wall mounted system in the Specialty section of the catalog.) In selected sizes you can choose any of our traditional hand-painted or computer-painted backgrounds as window shade backgrounds. Please specify the background size and the roller length when ordering. If you have any further questions, please contact our sales department. **Width by Height dimensions should always be used.**

These creative props and complete set designs are unique to the rest of the Denny Manufacturing product line. They are hand-crafted by Scenic Design Inc. in Utah, USA. Denny Manufacturing has become the exclusive distributor of their products. All set pieces can be purchased separately to give your studio just the look you want. They are durable enough for outdoor use, but should not be stored outdoors when not in use. The sizes are approximate and the colors are as accurate as possible. Please allow a slight variation in both color & size. Care Kits are available upon request. Ship date may be 6-8 weeks and rush services are available at an extra charge. No returns after 30 days and all returns must be approved by Scenic Design. Taxes, duties, import and/or brokerage fees and shipping charges are extra.

Additional Costs:

Shipping, freight, taxes, duties, import and/or brokerage fees are not included in prices listed. These costs are for the customer's account.

Delivery Time and Custom Color:

Set design pieces are individually hand-crafted and made to order. Under normal circumstances, customer orders can be shipped in 6-8 weeks. There will be a rush charge of 15% if an order can ship within 5 business days; and there will be a rush charge of 10% if an order can ship within 15 business days. Custom colors will require a minimum additional charge of \$30 per item. In rare situations, production delays may be encountered as a result of raw material supply interruptions, holidays or other situations beyond our control.

Size and Color:

Sizes shown in our catalog are approximate. Colors shown in pictures throughout the catalog may differ from actual color due to catalog printing, picture printing, photography lighting, individual photographer manipulation etc. Be sure to be specific when ordering color.

Weather Resistance:

Set designs may be used outdoors frequently or may be left outdoors on a temporary basis. However, products are not guaranteed for permanent outdoor installation.

Cleaning and Touch-up:

All of our products may be washed off with clean water or a mild liquid soap. Rinse thoroughly. Use a soft cloth. Do not use harsh cleaning products or cleansers. Do not scrub with heavy brushes, brillo pads, or scouring pads.

Care Kits:

Should you need to touch up the paint or need to repair small dings on any product, a Care Kit is available upon request at no charge.

Copyright:

The Scenic Design logo, our product designs and drawings are copyrighted. FlexTex[®]

Return/Cancellation Policy:

No returns will be accepted after 30 days of receipt of merchandise. All returns must be approved by Scenic Design. Return freight charges are the customer's responsibility. However, we will be happy to provide assistance in making the best choice of carriers. A 20% restocking charge will apply. Custom orders may not be returned. Orders cancelled within 30 days prior to the shipping date will be subject to a 10% cancellation charge.

Warranty:

Scenic Design guarantees our products for defects in material and workmanship for a period of one year from date of shipment. However, any defect apparent upon delivery must be reported within 30 days in order to be covered under this warranty. This warranty does not cover damages caused by shipping, product abuse, accident, neglect, or misuse. At our choice, we will repair or replace product deemed to be defective and which is returned to Scenic Design via prepaid freight, within the warranty period. Shipping information must be obtained by phone at 800-785-1404 or by email at info@scenicdesign.com. Any product modification will render this warranty void. No other warranty is expressed or implied. Scenic Design, Inc. shall not be liable for any damage to property or personal injury sustained while using these products for any reason.

Ron Kramer
Grand Rapids MI

"I wanted to say thank you for the excellent service you've provided us over the past year. The new sets are fantastic and have made this the most enjoyable year shooting, since starting my studio over 20 years ago."

Michael K Lamm
Lamm, Celina OH

"I have never had a company work so hard for my satisfaction. In the past, I have often had suppliers make promises that they later did not keep. But I would like to commend Scenic Design for coming through for me when I needed you."

Kenneth Linge
Orem UT

"I started using Scenic Design products when I first saw them in 1996, while I was living in Norway. What impressed me was their artistic integrity. Scenic Design sets look real and that's important to me and my clients."

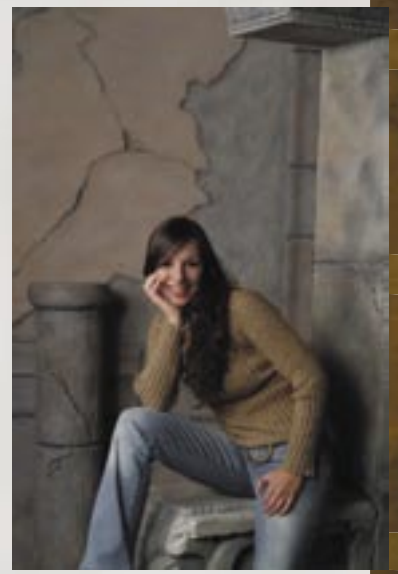

Joey Coleman
Tabor City NC

"I have both the Plantation Arch and Midtown sets. They are both wonderful props for my studio. I would highly recommend any of your sets or props to any photographer. The design and durability of your sets is superior because I'm a ding and bang the props type of photographer."

ElectraVision Software Programs

* Call to check for on-going show specials on the Denny software programs.

Denny Eventspro Software*\$1495.00

Includes graphics, Borders, Text, and package printing. Graphic Import features allows you to create your own borders and graphics. Print out receipts on receipt printer. Customize your own package combinations and print them out in different configurations. Prints up to a 8 x 10 prints.

Denny Magnum Imaging Suite Software*\$1295.00

Includes Package printing for 8" x 10" and 5" x 7" printers. Add text, color correct, auto-crop, print proof imaging with customer and studio info, mix images on a sheet, sell from screen images (6 at a time). Print up to a 24 x 30" prints and or burn images that have been cropped to a CD to be sent to a lab.

Denny Church Portrait & Directory Manager Software*\$995.00

The program flows from getting the clients images to selecting the directory pose to package ordering. The directory pose and family names are saved to the correct specs required by most labs. A- la- carte pricing can be set up and invoices printed out on the spot. Any package order can be opened, edited, deleted and viewed on site. Images are burned to a CD for printing after the fact due to the short period of time working with customers in the church environment. (the demo CD will explain all of this information in more detail.)
